Copy of letter dated 15th November 1940 from Mrs. C.V. Gopalan, Health Visitor, Bellary Municipality to the Director of Public Health, Madras through the Commissioner, Bellary Municipality, and through the Municipal Health Officer, Bellary and the Woman Medical Officer, Bellary.

Sub: Deputation of Health Visitors for Refresher Course in the Health Unit area from January to March 1941.

Ref: Orders in S.No.2206-1-E dated 8-10-1940 of the Director of Public Health, Madras.

With reference to the above orders, I most humbly beg to submit the following for your kind consideration and favourable order.

In the above reference relating to the subject noted above, it has been ordered that 'costs of travelling and stay in Poonamallee may be met' by the Health visitors selected for the refresher course It need hardly be stated that living in Madras is costlier and that it will be a great hardship if at least the travelling allowance - ordinarily admissible under the Rules is not allowed. I therefore most humbly request that atleast the travelling allowance admissible under the rule 98(a) of the Madras Travelling allowance rules which are applicable to Municipal subordinates also may kindly be allowed to be paid by the Municipal Council.

Sir,

Reference: Memorandum No.10794-1H dated 29-3-1941.

With reference to Government Memorandum cited above, I have the honour to state as follows:-

1. The refresher course for Pupil health visitors who have not the health visitors' diploma was found to be very necessary and has been held for the first time this year. It was feared that the local bodies concerned may not accept the arrangement if it were too expensive for them. The suggestion was made to the local bodies concerned in this office letter No.2296/1-M dated 7th October 1940.

2. In the case of Tanjore District Board, it was proposed to this office that the health visitor may be granted leave on half pay for the purpose and so might

others....

might others have done; that would have been a great hardship to the health visitors concerned. The least obligation we could lay on Local Bodies was that the period should be treated as one on duty and therefore in our letter to Government No.41995-1M of 4th December 1940 forwarding letter received from Virudhunagar Municipality asking for sanction of the course, the suggestion was made that it should be obligatory on local bodies to consider the period of training as on duty and that the payment of Travelling allowance be optional - due sanction of Government was to be obtained in each case.

3. Before receipt of Government orders the Commissioner, Bellary Municipality in his endorsement dated 26th November 1940 (copy sent herewith) recommended the request of the health visitor, Bellary Municipality dated 15th November 1940 for Travelling allowance. He was informed in this office letter No.42916-1M dated 12th December 1940 that the payment of Travelling allowance was left to the discretion of - Municipal Council with necessary sanction of Government - this advice was consistent with the suggestion made by me to Government already. The statement in his letter to Government No.Rc.8030/A.1 of 40 under reference dated 17th March 1941 to Government (para 3) that the health visitors request was subsequent to letter No.42916-1M dated 12th December 1940 of the Director of Public Health is incorrect. Also in the - resolution of the council dated 8th March 1941 where reference is made to the letter of the health visitor (stated to be dated nil) the reading of letter of the Director of Public Health No.42916-1M dated 12th December 1940 before the health visitor's letter seems incorrect. In any case the resolution of the council dated 8th March 1941 was subsequent to G.O.4 P.H. dated 3rd January 1941 whereby Government have made it obligatory on health visitors to meet Travelling allowance themselves. The Commissioner's request in his 8030/A.1 dated 17th March 1941 amounts to one for amendment of G.O.

As regards Travelling allowance to Woman Medical Officer undergoing Post-graduate course, the situation is different as Government required them to undergo the course during the period of probation; it is not a course instituted specially for the improvement of a few whose knowledge and work were not up to the standard, as in the case of Health visitors under consideration.

I have the honour to be,
Sir,
Your most obedient servant,

LT.COL.I.M.S.,
DIRECTOR OF PUBLIC HEALTH.

Review of the clear orders in paragraph 2 of Govt No. 4 P.H. Dated the 8th January 1941 the Council should not have sanctioned T.A to the H.V. in its Resn of 8.3.41 The D.P.H does not recommend the request.

In view of the clear orders of P&H under (T) I see no case for the Govt to go at this stage at the Council meeting. The Council deliberately sanctioned the payment. The Council deliberately sanctioned the T.A. Govt should not object to the payment.
